

Safeguarding and Welfare Requirement: Child Protection

The safeguarding policy and procedures must include an explanation of the action to be taken in the event of an allegation being made against a member of staff, and cover the use of mobile phones and cameras in the setting.

1.6 Use of mobile phones and cameras

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people and vulnerable adults from the unacceptable use of Information Communication Technology (ICT) equipment or exposure to inappropriate materials in the setting, **therefore it is vital that e-safety is a priority. The risks that should be recognised include:**

- **Content:** being exposed to illegal, inappropriate or harmful material.
- **Contact:** being subjected to harmful online interaction with other users.
- **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm.

Procedures

Personal Mobile Phones

- Personal mobile phones belonging to members of staff are not used on premises during working hours.
- At the beginning of each individual's shift, personal mobile phones are stored in lockers. If no lockers are provided, they must be stored in a phone box office cupboard/ drawer.
- In the event of an emergency, personal mobile phones may be used in the privacy of the office with permission from the manager.
- Members of staff ensure that the telephone number of the setting is known to immediate family and other people who need to contact them in an emergency.
- If members of staff take their own mobile phones on outings, for use in the case of an emergency, they must not make or receive personal calls as this will distract them.
- Members of staff will not use their personal mobile phones for taking photographs of children on outings.
- Parents and visitors are requested not to use their mobile phones whilst on the premises. There is an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone where there are no children present.

Cameras and videos

- Members of staff must not bring their own cameras or video recorders into the setting.
- Photographs and recordings of children are only taken for valid reasons, i.e. to record their learning and development, or for displays within the setting.
- Photographs or recordings of children are only taken on equipment belonging to the setting.
- Camera and video use is monitored by the setting manager
- Where parents request permission to photograph or record their own children at special events, permission will first be gained from all parents for their children to be included.

- Photographs and recordings of children are only taken of children if there is written permission to do so (found on the individual child's registration form)
